MAZE
5

Find the way from **START** to **FINISH**.

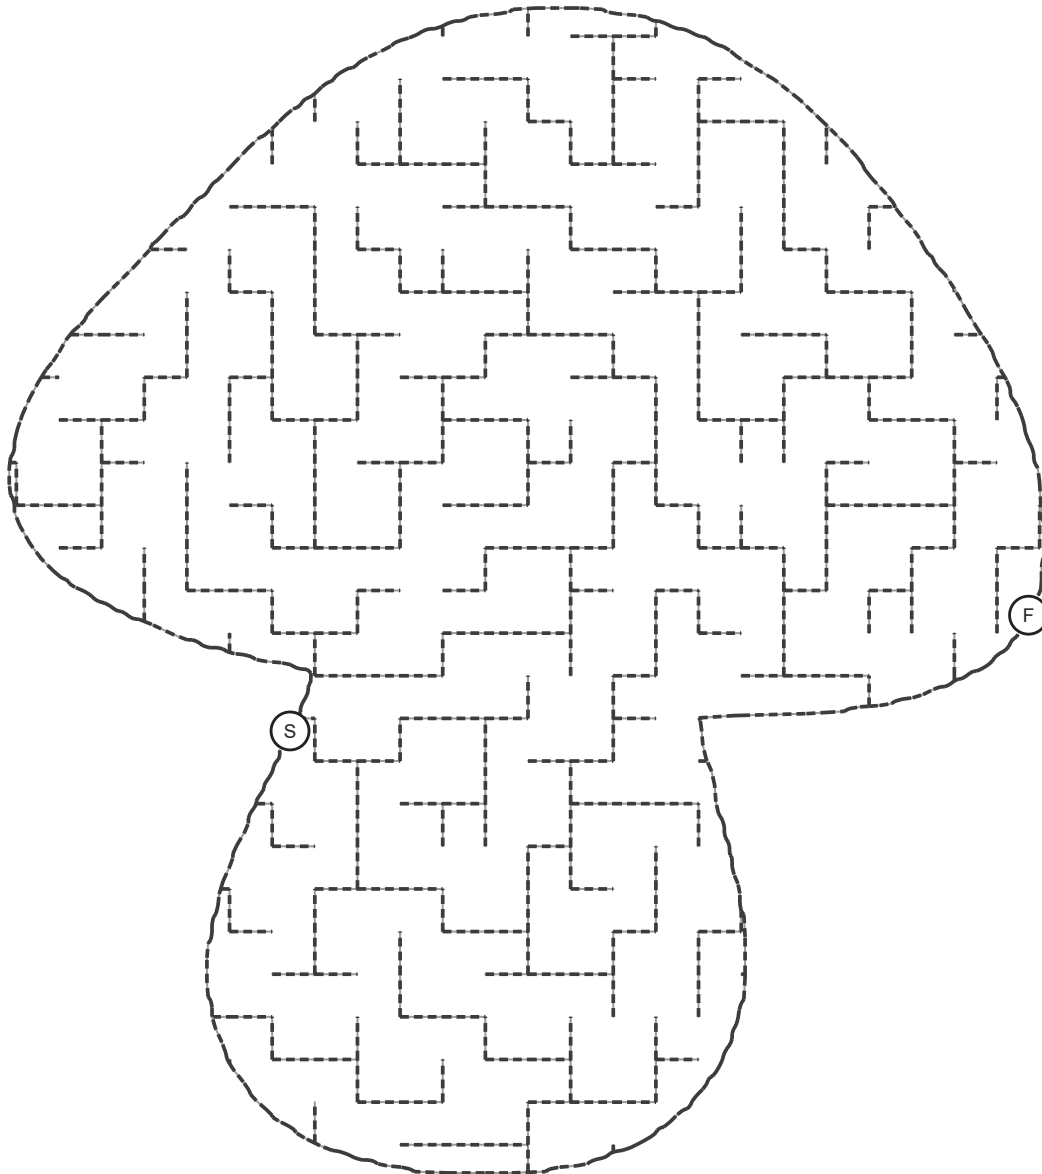

5

MAZE 6

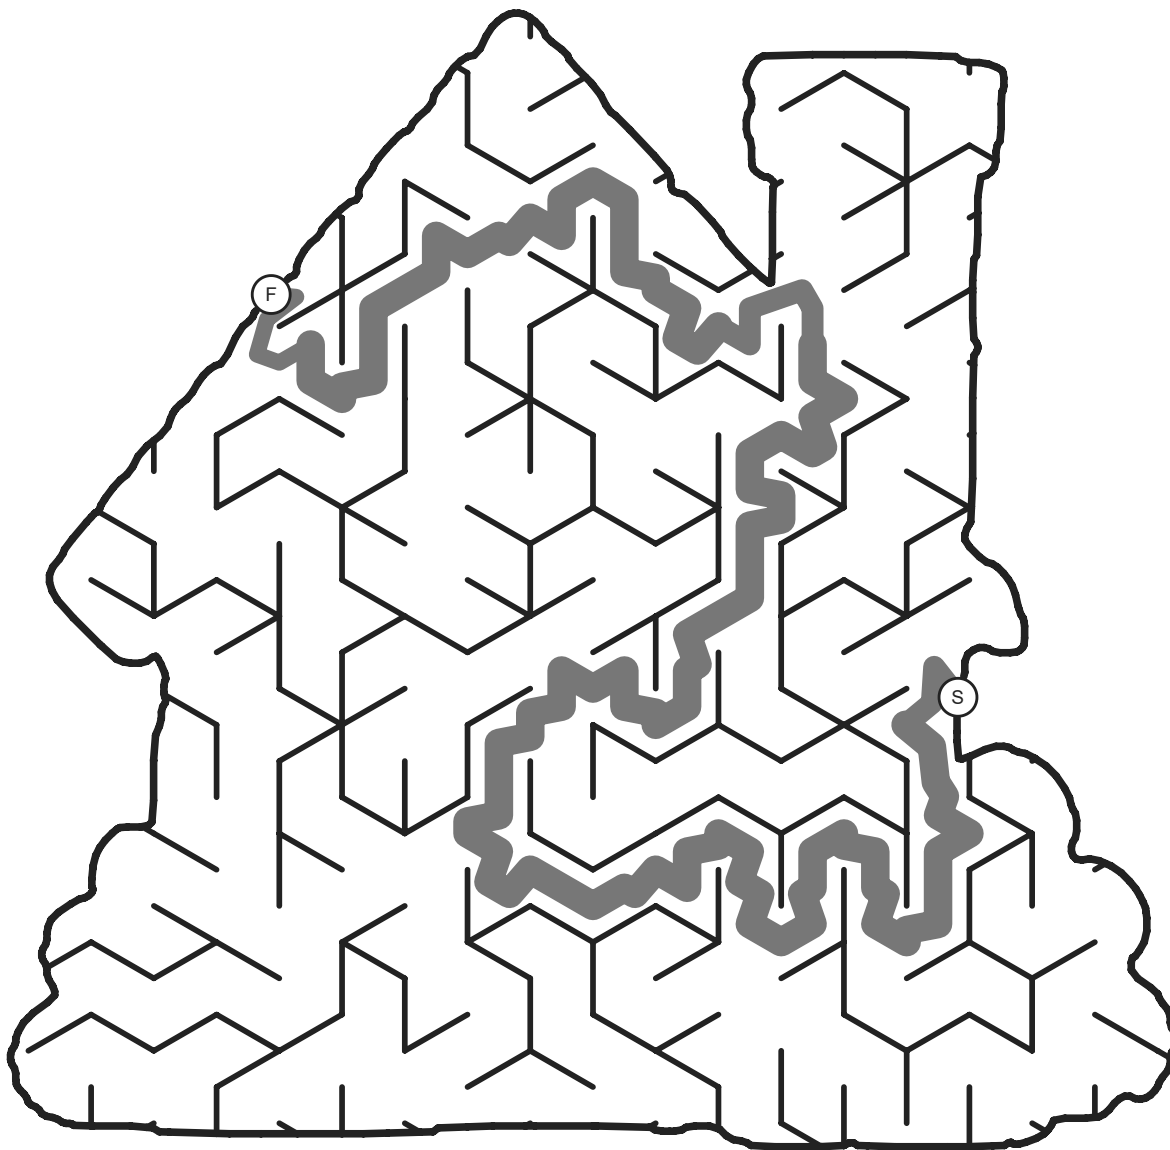

A complex maze with a thick grey path. The path starts at a point labeled 'S' on the left side, moves right, then up, then right again, and continues in a series of steps towards the top right. It then turns left, moves down, and continues in a series of steps towards the bottom right. The path ends at a point labeled 'F' on the right side. The maze is composed of many small, interconnected paths and dead ends, with the thick grey path highlighting the solution route.
